

# BFS Sports Report

02/02/17

## District Cross Country

*It was another successful cross country event yesterday at Sharnbrook, where we had five runners from BFS enter. It was a very wet and muddy route, that was extremely slippery. It did not, however, effect the determination of our runners. There were around 80 runners that formed each race, with the top 16 runners from each race qualifying for the county event at Ampthill next week. Although all five ran really well, three runners deserve a special mention for their heroic efforts that gained themselves qualification for next week. Special mentions to the runners below for their outstanding positions;*

*Emma Abbey 6th  
Hannah Major 14th  
Grace Flemons 12th*
