

Knowledge Map (Autumn 1, 2016): Year 9 Art: Identity and Portraits

Knowledge	Definition
Health and Safety Why is it important in the Art room?	To prevent damage to school and student property and to prevent injuries to students and staff.
Health and Safety Rules	Put bags under desks and coats on the back of chairs. No running or wandering around unnecessarily. Wear an apron when using paint and other 'messy' media. Tie long hair back. Take care with equipment.
Presentation and Annotation	Presentation: a logical order in the sketchbook and neatly displayed work. Add the title, date and CW. Annotation: writing notes, ideas and explanations to accompany visuals.
Learn key vocabulary	Portraits: normally the head and shoulders of people and animals. Paper (portrait): the height is longer than the width. Primary source: drawing from actual people. Secondary source: drawing from images. Medium / media: pencil, biro and fine liners. Formal elements: <ul style="list-style-type: none"> - line (various directions, thickness, lengths and part of pencil used) - continuous line (pencil stays on the paper) - overlapping line (several lines appear over others) - sustained drawing (more time spent on the drawing) - shape, form, space (relationship to each other in portrait construction) - proportion and scale (relationship to each other in portrait construction) - composition (arrangement or layout of title page).
Design a title page using secondary source material and pencil.	Consider composition of the page. Add a title with creative use of typography. Include a pencil drawing of a portrait (secondary source provided).
Construct a portrait using the step-by-step method and pencil.	Follow the step-by-step PowerPoint. Use line, shape, form, space, proportion, scale and composition in drawings.
Create pencil drawings of facial features.	Look closely at the secondary source provided. Recreate the features.
Create drawings from primary source (real people) using biro and fine liners.	Observe an actual person (primary source) closely. Use line, shape, form, space, proportion, scale and composition in drawings.
